**INTERNATIONAL SCIENTIFIC CONFERENCE  
"ISSUES OF THE DEVELOPMENT OF MODERN SCIENCE  
AND PRACTICE  
IN THE PERIOD OF DIGITAL ECONOMY FORMATION"**

**Dear colleagues!**

We invite you to take part in the work of the international scientific conference "Development of modern science in the period of the formation of the digital economy", which will be held April 19-20, 2018.

Conference participants will be able to:

- take part in the discussion of relevant research topics within the framework of the thematic round tables;
- present the results of their scientific research and research work in the form of reports and presentations;
- establish a two-way scientific and practical connection with university professors, representatives of the real sector of the economy;
- identify promising areas for further cooperation in the research process;
- develop recommendations for approbation of the obtained research results.

**THE MAIN TOPICS**

- 1) Development of the economy in the Russian Federation based on the use of modern digital technologies.
- 2) Innovative aspects of management of economic processes in the timber industry complex in the period of the formation of the digital economy.
- 3) Strategy for the development of small and medium-sized businesses in the period of the formation of the digital economy.
- 4) Improvement and modernization of the real sector of the economy in the era of digitalization.
- 5) Modern trends in the development of marketing research.
- 6) Innovative teaching methods in the period of digitalization of the economy.

**The Organizing Committee provides participants an opportunity to expand the topics.**
